

At a Glance: 2017 INFINITI QX50

Following the success of the 2016 model's redesign, the 2017 INFINITI QX50 once again combines a sculpted, elegant exterior design with an exhilarating driving performance and an engaging interior environment.

The 2017 INFINITI QX50 luxury crossover features an added 3.2 inches to the wheelbase and 4.5 inches to the overall length – versus the 2015 model – providing enhanced second-row legroom and comfort. The new QX50 includes a revised exterior in line with other INFINITI models such as the Q50 sedan. A moonroof is also standard across all grade levels.

These enhancements, initially made to the 2016 QX50, were well-received by consumers – sales of the QX50 jumped 210 percent for the 2016 calendar year, making it the brand's fastest growing model and third-best seller in the INFINITI lineup.

The QX50 is offered in two very well equipped models – QX50 and QX50 AWD with Intelligent All-Wheel Drive. Optional equipment packages include the Premium, Premium Plus, Deluxe Touring, Technology and new 19-in. Wheel & Tire packages. Each comes equipped with a standard 325-horsepower 3.7-liter V6 – one of the most powerful engines in its segment – and a 7-speed automatic transmission.

Additional standard features found on every QX50 include leather-appointed seating, heated front seats, Intelligent Key with Push Button Ignition, SiriusXM® Satellite Radio (SiriusXM® subscription required, sold separately), Bluetooth® Hands-Free Phone System, RearView Monitor, eight-spoke 18-inch aluminum-alloy wheels and a power sliding tinted glass moonroof.

Other available equipment includes an Adaptive Front lighting System (AFS) with auto-leveling headlights, maple interior accents, driver's seat headrest coat hanger, Bose® Audio System with 11 speakers, Advanced Climate Control System (ACCS) with Plasmacluster® air purifier, power up-folding second-row seat and 19-inch wheels and tires.

Available technology includes the INFINITI Navigation System, Blind Spot Warning (BSW), Around View® Monitor with Front and Rear Sonar, Lane Departure Prevention (LDP), Intelligent Cruise Control (Full-Speed Range) and Intelligent Brake Assist (IBA) with Forward Collision Warning.

Highlights of the 2017 INFINITI QX50 include:

Body

- Coupe-inspired luxury crossover design, a fusion of coupe and sport utility vehicle
