2019 INFINITI Q60 SPORTS COUPE AT A GLANCE

Now in the third year of the all-new, third-generation design, the INFINITI Q60 continues to offer a daring exterior design, tailored interior and advanced technology that empowers the drive. For 2019, the INFINITI Q60 is offered in three grade levels – PURE, LUXE and RED SPORT 400. Each is available in a choice of rear-wheel or all-wheel drive. Power is provided by an advanced 3.0-liter V6 twin-turbo engine, which is available in two states of tune – 300 horsepower (PURE and LUXE) or 400 horsepower (RED SPORT 400).

Enhancements for the 2019 model year include:

- The award-winning 3.0-liter V6 twin-turbo engine now standard on PURE models
- Previous Sensory Package renamed Essential Package
- Previous Sensory Package content added as standard on RED SPORT 400 models
- Black painted mirror caps added to RED SPORT 400
- Forward Emergency Braking with Pedestrian Detection and Predictive Forward Collision Warnings added as standard on 3.0t LUXE and RED SPORT 400 models

The Q60's bold exterior expresses a powerful elegance through its daring proportions and taut, muscular lines. The Q60's aggressive stance gives an impression of stability and in-control driving potential, while its low center of gravity has a positive overall effect on driving dynamics. Signature design cues ensure that the Q60 is instantly recognizable as an INFINITI, such as the LED headlights, double-arch grille and the crescent-shaped C-pillars that arc forward and emphasize the car's in-motion appearance.

The Q60 interior was modeled around the concept of a driver's glove – fitted, personal and tailored for the person behind the wheel. The driver-centric cockpit offers an array of premium comfort and convenience features, including 8-way power front seats, available semi-aniline leather seating surfaces, Dual Zone Automatic Temperature Control, Active Noise Cancellation and available Bose® Performance Series Audio system with 13 speakers and Bose® Centerpoint® simulated surround.

The standard INFINITI InTouch™ dual touch-screen displays (8-inch upper, 7-inch lower) put communication with the outside world within easy reach, with integration of hands-free phone and available moving map navigation and entertainment systems.

The Q60's advanced VR-series 3.0-liter V6 twin-turbo engine is available in two states of tune – 300 horsepower or 400 horsepower. Both versions have been developed to provide an ideal mix of drivability, efficiency and performance. All 2019 Q60 models come equipped with a refined 7-speed automatic transmission with available paddle shifters on RED SPORT 400 models.

The INFINITI Drive Mode Selector with Snow, Eco, Standard, Sport and Personal settings is also standard on all models, part of the INFINITI InTuition™ System, an advanced customizable digital environment system that allows drivers to create unique settings for engine, suspension and steering (when equipped with INFINITI Direct Adaptive Steering®) settings.

Standard on all Q60 models is INFINITI's Rack Electronic Power Steering. This system provides a linear and in-control driving experience that can be tuned through the Drive Mode Selector. INFINITI's industry leading Direct Adaptive Steering® is available on the Q60 RED SPORT 400 as part of the ProACTIVE Package. The system features a selection of steering modes, enabling tuning of steering response and effort.

Standard on RED SPORT 400 is INFINITI's advanced Dynamic Digital Suspension, which offers two adjustable modes – Normal and Sport – and provides an optimal blend of ride comfort and class-leading response and agility.

The 2019 INFINITI Q60's long list of available safety, security and driving aid technologies includes Around View® Monitor with Moving Object Detection, Intelligent Cruise Control with Full Speed Range, Forward Emergency Braking with Pedestrian Detection, Distance Control Assist, Blind Spot Warning, Blind Spot Intervention®, Backup Collision Intervention, Lane Departure Warning, Lane Departure Prevention with Active Lane Control, Adaptive Front lighting System and High Beam Assist technology, and Predictive Forward Collision Warning system.

Performance-enhancing accessories, including the Red Alpha Cold-Air Intake Kit, the Red Alpha Heat Exchanger and two axle-back Sport Exhaust Kits are newly available for order through the INFINITI Motorsports Department at all INFINITI Retailers.

Highlights of the 2019 INFINITI Q60 include:

Design

- Sensuous dynamic styling with daring proportions
 - Low, wide proportions and tight, muscular lines and athletic stance
 - INFINITI signature double-arch front grille, dynamic arch silhouette and crescent-cut C-pillar
 - Distinctive LED headlights, fog lights and Daytime Running Lights, LED rear combination lamps
 - Available Adaptive Front lighting System with High Beam Assist technology
 - Available power sliding and tilting tinted glass sunroof with one-touch open/close and sliding sunshade
 - Available heated outside mirrors with integrated LED turn signals, available auto dimming outside mirrors with reverse synchronization mirror angle
-

- Body-color outside door handles with chrome accents
- Dual chrome exhaust finishers, unique exhaust finisher on RED SPORT 400
- Advanced aerodynamic design with 0.28 coefficient of drag and zero front and rear lift concept
- Standard Active Grille Shutter
- Ten available premium exterior colors: Midnight Black, Liquid Platinum, Graphite Shadow, Black Obsidian, Dynamic Sunstone Red, Majestic White, Pure White, Iridium Blue, Hagane Blue and Solar Mica

Performance

- Front engine/rear-wheel drive or Intelligent All-Wheel Drive
- 3.0-liter aluminum-alloy DOHC 24-valve twin-turbo V6, rated at 300 horsepower and 295 lb-ft of torque, featuring twin water-to-air charge coolers with single water pump, 9.5 psi turbo boost (Q60 3.0t PURE, Q60 3.0t LUXE)
- 3.0-liter aluminum-alloy DOHC 24-valve twin-turbo V6, rated at 400 horsepower and 350 lb-ft of torque, featuring twin water-to-air charge coolers with two water pumps, optical turbo speed sensor, 14.7 psi turbo boost (Q60 RED SPORT 400)
- 7-speed electronically controlled automatic transmission with Downshift Rev Matching and manual shift mode, Adaptive Shift Control
- Standard steering wheel-mounted paddle shifters (Q60 RED SPORT 400)
- Drive mode selector switch (Sport+, Sport, Standard, ECO, Snow, Personal settings)
- 4-wheel independent suspension (front single pivot double-wishbone design/revised multi-link rear design) with extensive use of lightweight aluminum components and front and rear stabilizer bars
- Standard Dynamic Digital Suspension (Q60 RED SPORT 400)
- Standard rack-based Electric Power Steering
- Available Direct Adaptive Steering® technology for enhanced steering feel and personalized selection of steering effort and response (ProACTIVE Package)
- 4-wheel power-assisted vented disc brakes, 4-wheel Anti-lock Braking System, Electronic Brake force Distribution, Brake Assist
- Available Sport Brakes with upgraded rotors, 4-piston front calipers and 2-piston rear calipers (Q60 RED SPORT 400)
- 19-inch aluminum-alloy wheels with machine-finished surface, 255/40R19 all-season tires (Q60 PURE and LUXE)
- Available staggered aluminum-alloy 20-inch wheels with 255/35R20 front, 275/30R20 rear summer tires (RED SPORT 400 RWD)
- Available 20-inch aluminum-alloy wheels with 255/35R20 all-season performance tires (RED SPORT 400 AWD)
- Advanced Vehicle Dynamic Control with Active Trace Control for enhanced dynamic cornering ability
- Tire-specific Tire Pressure Monitoring System

Hospitality

- Driver-oriented cockpit layout
- Natural contour ergonomic-design front seats for enhanced comfort
- Premium leatherette seating surfaces
- Available semi-aniline leather-appointed seating with power lumbar

- 8-way power-adjustable driver's seat with manual lumbar support, 8-way power-adjustable front passenger seat
- Available power torso bolsters (driver's side)
- Available heated front seats and heated steering wheel
- Fine Vision electroluminescent instrumentation
- Kacchu aluminum interior trim on center console, instrument panel and doors
- Available interior trim options: genuine carbon-fiber and silver optic fiber
- Standard aluminum-accented pedals (RED SPORT 400)
- Available Bose® Performance Series Audio system with 13 speakers, Bose® Centerpoint® simulated surround, CD player, RDS and MP3 playback capability Dual-Zone Automatic Temperature Control
- INFINITI Intelligent Key with Push Button Ignition, touch unlock door function
- INFINITI InTuition™ – a customizable digital environment for storing and providing various driver settings and driving characteristics to Intelligent Key
- Power front windows with illuminated switches and one-touch auto up/down feature
- RearView Monitor
- Available Around View® Monitor with Moving Object Detection
- Standard Active Noise Cancellation

INFINITI InTouch™

- Available INFINITI InTouch™ with Navigation and INFINITI InTouch™ Services, with lane guidance and 3D building graphics, voice recognition for navigation functions, including one-shot voice destination entry, INFINITI InTouch™ Services with six months of safety, security and convenience services, SiriusXM® Traffic, including real-time traffic information (SiriusXM® subscription required, four years complimentary)
- SiriusXM® Satellite Radio (SiriusXM® subscription required, sold separately), High Definition radio
- INFINITI Connection™ with Automatic Collision Notification, Destination Assistance and Drive Zone Monitoring
- Bluetooth® Hands-free Phone System and Streaming Audio via Bluetooth®
- Voice Recognition for audio, navigation, SMS

Safety Shield Technologies

- INFINITI Advanced Air Bag System with dual-stage supplemental front air bags with occupant classification sensor
- Front seat-mounted side impact supplemental air bags
- Roof-mounted curtain side impact supplemental air bags for front- and rear-seat outboard occupant head protection
- Available front seat driver/passenger Pre-Crash Seat Belts
- Available Intelligent Cruise Control with full speed range, Predictive Forward Collision Warning, Forward Emergency Braking with Pedestrian Detection, Distance Control Assist, Blind Spot Warning, Blind Spot Intervention®, Backup Collision Intervention, Lane Departure Warning, Lane Departure Prevention with Active Lane Control (utilizing world's first production Direct Active Steering® technology)
- Traction control system (integrated with Vehicle Dynamic Control)
- Available High Beam Assist technology

Models

- Available in three models, each in a choice of rear-wheel or all-wheel drive: Q60 3.0t PURE, Q60 3.0t PURE AWD, Q30 3.0t LUXE, Q60 3.0t LUXE AWD, Q60 RED SPORT 400 and Q60 RED SPORT 400 AWD
