## **At A Glance: 2016 Infiniti QX60**

The Infiniti QX60 luxury crossover, Infiniti's second best-selling model after the Q50 sport sedan, receives a significant makeover for 2016 – starting with a redesigned exterior appear and enhanced dynamic performance. The QX60 also expands its long list of available advanced technologies with the addition of new Predictive Forward Collision Warning and Forward Emergency Braking with pedestrian detection.

The QX60 exterior now fully embodies Infiniti's new design language, with a host of new exterior cues, including signature grille, headlamps, LED Daytime Running Lights, LED fog lights, integrated LED turn signals in the side rearview mirrors, and new 18-inch and 20-inch wheel designs. Two new exterior colors are added for 2016: Jade Green and Hagane Blue (seven colors total).

On the inside, the 2016 QX60 adds new graphite weave interior accents, stitched upper dash and a new shift lever (shared with the new Q60 coupe), while continuing to offer real 7-pasenger/3-row utility, plus all the premium features, performance and innovations that Infiniti has become known for worldwide.

Updated driving mechanics for the new model year include revised steering, tires and chassis tuning for improved dynamic performance. As in previous years, the 2016 QX60 features a standard 3.5-liter DOHC V6 rated at 265 horsepower at 6,400 rpm and 248 lb-ft of torque at 4,400 rpm, along with the fuel-efficient Continuously Variable Transmission.

The 2016 QX60 is also offered with hybrid drivetrain, featuring a supercharged 2.5-liter inline 4-cylinder and an electric motor powered by a compact Lithium-ion battery pack. It is rated at 250 net system horsepower (for full information on the Infiniti QX60 Hybrid, please visit [InfinitiNews.com](http://InfinitiNews.com)).

Both the 3.5-liter V6 and hybrid-powered QX60 models are offered in front-wheel drive or with Intelligent All-Wheel Drive.

Among the advanced standard or available technology are Infiniti Connection™ telematics system with Google Calendar™, Drive Zone/Speed Alert and Infiniti Personal Assistant; a Bose® Cabin Surround® 15-speaker sound system with digital 5.1-channel decoding and Acoustic Waveguide subwoofer; and Around View® Monitor (AVM) with Moving Object Detection (MOD), which uses four wide-angle lens-equipped cameras to create a "birds-eye" view on the center console of the area surrounding the QX60 during parking and other slow-speed maneuvers.

Other available security and driving aids include Lane Departure Warning (LDW) and Lane Departure Prevention (LDP); Backup Collision Intervention (BCI) system; Blind Spot Intervention® (BSI) system; Intelligent Cruise Control (Full-Speed Range); Distance Control Assist (DCA); Intelligent Brake Assist (IBA) with Forward Collision Warning (FCW); Active Trace Control; and Front Pre-Crash Seat Belts. New for 2016 are the advanced Predictive Forward Collision Warning (PFCW) system and Forward Emergency Braking with new pedestrian detection feature.
