New 2026 INFINITI QX60 is here—on sale from \$51,200

NASHVILLE, Tenn. – Refreshed with a stunning new look and additional intuitive technologies, the [2026 INFINITI QX60](#) is on sale at INFINITI retailers nationwide with starting Manufacturer's Suggested Retail Prices (MSRP) of \$51,200. The first-ever QX60 SPORT grade, which elevates the model with its most statement-making appearance yet, is priced from \$61,700.

The stunning makeover for QX60 takes inspiration from the dramatic *Artistry in Motion* unveiled on the all-new 2025 INFINITI QX80. For QX60, the new look incorporates a redesigned grille inspired by the intersecting shapes of a serene bamboo forest; an illuminated, three-dimensional INFINITI emblem; and a restyled lower bumper that gives the grille a floating effect. The daytime running lights (DRLs) now recall the digital piano key style incorporated on QX80, while from behind QX60 appears lower and wider, thanks to cleaner surfacing on the liftgate and rear fascia. Elegant 20-inch wheels are newly standard on PURE grade, and there are sculptural new wheel designs for LUXE and AUTOGRAPH grades. A particular highlight in the color palette is QX60's nature-inspired Deep Emerald paint.

"QX60 continues to be a cornerstone of our lineup and a compelling choice for today's premium SUV buyer," said Brian Maragno, director, Product Marketing, INFINITI USA. "Accounting for 45% of INFINITI sales last quarter, QX60 reflects our product strategy at work—blending bold design, advanced technology and thoughtful features that resonate with our INFINITI clients."

Delivering on the INFINITI promise of technology that seamlessly integrates into and enhances the drive, the 2026 QX60 adds several powerful new features. Those include dual 12.3-inch displays with Google built-in¹, with always-updated Google Maps for simple and efficient navigation; Klipsch® premium sound systems with up to 20 speakers; ProPILOT Assist 2.1² to allow attentive drivers to take their hands off the wheel in certain freeway driving scenarios; and several new camera views, including Invisible Hood View³, which uses advanced image processing to take footage from the vehicle's exterior cameras to project an image of what's directly underneath the vehicle onto the in-car displays.

The 2026 INFINITI QX60 is offered in four compelling grades: PURE, LUXE, SPORT and AUTOGRAPH.

QX60 PURE: \$51,200 (\$53,200 with Intelligent All-Wheel Drive⁴)

The well-equipped QX60 PURE features 20-inch alloy wheels, dual 12.3-inch screens with Google built-in, TailorFit™-appointed seating, wireless phone charging, five USB Type C ports, full LED exterior lighting and more. Like all QX60 grades, it is powered by an advanced Variable Compression Turbo (VC-Turbo) engine rated for 268 horsepower and 286 lb-ft of torque. QX60 has a best-in-class towing rating of 6,000 pounds when properly equipped⁵.

QX60 LUXE: \$56,800 (\$58,800 with AWD)

QX60 LUXE builds on the strong foundation of PURE grade with 3D Around View® Monitor with Moving Object Detection⁴, which is new for the 2026 model year. It provides a more convenient way to spot obstacles when parking with eight fixed views from "around" the vehicle. LUXE grade also adds a Klipsch 16-speaker audio system, ProPILOT Assist 1.1⁴, climate-controlled front seats, heated second-row seats and more.

QX60 SPORT: \$61,700

The first-ever QX60 SPORT grade is finely crafted to give the vehicle its most dynamic appearance to date. It makes an immediate impression with a uniquely designed front fascia and a sharpened grille mesh, complemented by unique, gloss black 20-inch wheels and dark exterior accents, including a new lower front bumper protector, and a unique "S" badge on the liftgate. The cabin is likewise enhanced, featuring standard second-row captain's chairs, a Dusk Blue upholstery scheme with combination blue and black seating, and a black headliner. QX60 SPORT is equipped exclusively with Intelligent All-Wheel Drive and builds on the high level of equipment featured in QX60 LUXE.

QX60 AUTOGRAPH: \$66,150

The pinnacle of QX60's indulgent comfort and design, QX60 AUTOGRAPH is offered exclusively with AWD and has numerous desirable features. Within the cabin, those include massaging front seats, a Klipsch Reference Premiere 20-speaker audio system, semi-aniline leather appointments with quilting, perforation and contrast stitching and piping, and a color head-up display⁶. Its visual presence benefits from unique 20-inch alloy wheels, a two-tone contrast roof, dark exterior trim, black roof rails and black open pore ash wood trim with metal inlays.

Destination and handling charge on all grades: \$1,495.

For more details on the features offered in all grades, please see the full [2026 INFINITI QX60 press kit](#). Clients interested in more information on QX60 can visit infiniti.usa.com/QX60.

¹ Feature availability varies by vehicle model year, model, trim level, packaging and options. Consumer activation of INFINITI InTouch Services SELECT package ("Package") required. Package trial period included with eligible new vehicle purchase or lease. Trial period may be subject to change or termination at any time and without notice. After trial period ends, monthly subscription fee required. Driving is serious business and requires your full attention. Only use features when safe and legal to do so. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Connectivity service required. App subscriptions may be required. Data rates may apply. Subject to third party service availability. Should such service providers terminate or restrict service or features, service or features may be suspended or terminated without notice or with no liability to INFINITI or its partners or agents. Google, Google Play and Google Maps are trademarks of Google LLC. For more information, see www.nissanusa.com/connect/legal

² Consumer activation of INFINITI InTouch Services ProPILOT Assist 2.1 package ("Package") required for ProPILOT Assist 2.1 functionality. Package trial period included with new vehicle purchase. Trial period may be subject to change or termination at any time and without notice. After trial period ends, monthly subscription fee required. See www.infiniti.com/intouch/legal for more subscription information. ProPILOT Assist 2.1 cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle and monitor traffic conditions at all times. Hands-off freeway driving is possible when driving in a single lane, on the condition that the driver remains attentive on the road ahead and is prepared to immediately take manual control of the steering wheel when conditions of the road, traffic, and vehicle require it. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information.

³ Invisible Hood View cannot eliminate blind spots and does not warn of moving objects. Driver should always check surroundings before driving. See Owner's Manual for safety information.

⁴ Driver-assist and safety features have limitations which affect how they function in certain situations. The driver must never rely exclusively on any vehicle feature to warn about, prevent, or lessen the severity of a collision. It is the driver's responsibility to always be in control, monitor the surroundings, and safely operate the vehicle. Read your vehicle's Owner's Manual for further information.

⁵ Towing varies by configuration. See INFINITI Towing Guide and Owner's Manual for additional information. Always secure cargo.

⁶ Do not use for extended periods of time. See Owner's Manual for important safety information.
