

# INFINITI's enhanced Smart Rear View Mirror (SRVM)

New technology provides greater visibility and enhanced awareness

First generation  
SRVM launched on  
the 2018 QX80

Enhanced SRVM  
available on the  
2021 QX80

**New flicker mitigation technology**  
significantly reduces flickering  
from LED headlamps

**New rearward-facing  
camera** provides a  
wider field of view

**Higher definition display**  
provides a crisp,  
clearer view

**Larger 9.6-inch  
mirror-integrated display**  
gives drivers a better view

View without SRVM activated

View with SRVM activated

SRVM allows drivers to switch between a regular mirror and an LCD monitor to display a high-definition image from the rear-mounted camera, allowing drivers to see clearly when passengers or cargo are obstructing the rear view

**New rearward-facing  
camera empowers  
drivers with a greater  
field of view**

Applicability varies by region

Smart RearView Mirror may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information.
