

ALL-NEW 2022 INFINITI QX60

with available **ProPILOT Assist** technology

NEW FUNCTIONALITY:

- Links to navigation for enhanced driver support
- Traffic Sign Recognition to help adjust QX60's speed to match limits when engaged by driver
- Extended stop and hold on highways for ease of use in stop-and-go traffic

ENHANCED:

- Lane Detection
- Smoothness of braking
- Lane centering capability

ProPILOT Assist cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information.
